### **THE SHUKSAN STANDARD DRESS CODE** *PHILOSOPHY AND GENERAL GUIDELINES*

Shuksan staff recognizes that parents and school personnel have a common interest in the physical, social and moral development of students. Student dress and appearance, along with student conduct have a significant influence on the school environment and help set a positive tone for serious learning. The manner in which students dress, groom and conduct themselves affects their feelings and their perceptions of the school.

School attire worn by boys and girls must be in good taste. The School Board has adopted specific regulations relevant to this topic. These regulations place the responsibility for personal appearance on the home, but do give the

school the power to intercede when either dress or grooming adversely affects the learning environment of the school. Any dress and/or appearance, which constitutes a potential danger to the student's health and safety, hinders participation in class activities, or which creates classroom or school disruption will not be permitted.

The application of the Shuksan Standard Dress Code is not meant to restrict students whose dress or appearance must deviate from the Shuksan Standard Dress Code for religious, medical or other extenuating circumstances. Students needing to deviate from the Shuksan standard dress code for medical or other extenuating circumstances must request written permission from the Shuksan Principal or Assistant Principal.

Coaches and sponsors of extra-curricular activities may establish dress, appearance and conduct rules as appropriate for students participating in such activities. Athletic and extra-curricular activity dress, appearance and conduct expectations must be consistent with the necessities of the activity. Deviations from the expectations of the Shuksan standard dress code require written approval from the Shuksan Principal or Assistant Principal.

### **STANDARD DRESS REQUIREMENTS**

The Shuksan Standard Dress Code requires the following on-school-grounds and at school-sponsored events:

1. *Headgear of any kind*, including, but not limited to hats, visors, bandannas, hairnets, hoods, masks and sunglasses *is prohibited*. Appropriate hats may be worn for warmth and protection outside. Other special circumstances will be considered on a case-by-case basis.

2. Shoes must be worn at all times. Bedroom slippers and unorthodox foot coverings are not permissible.

**3. Bare midriff clothing, off-the-shoulder tops, any kind of tank tops, muscle shirts, shredded clothing, and tube tops are not permitted** unless covered by a non-see-through shirt, blouse, vest, etc. Sleeveless shirts and blouses may be worn providing they cover the shoulder fully and have snug armholes and otherwise conform to the Shuksan Standard Dress Code.

4. Low cut shirts and see-through clothing is prohibited. Bib overalls must have both straps fastened. Shorts and skirts need to be approximately mid-thigh in length. Any slits need to end no higher than mid-thigh. Underclothing needs to be concealed from view at all times and may not be worn as outerwear. Pajama pants are not allowed, unless it is part of a dress up day designated by staff. Pants must be worn at waistline and cuffs may not drag on the floor.

5. Clothing may not be held together or decorated with pins, chains or other potentially dangerous objects.
6. Clothing, drawings and accessories that display drug, gang, alcohol or tobacco-related information, obscenities, put-downs, stereotypes, sexual innuendo, or degrading, offensive words or graphics are prohibited. Clothing, accessories, visual designs, tattoos and behaviors that actually do or could be thought to be gang related are not allowed.
7. Students will be asked to conceal tattoos at all times with clothing, band-aids, or other appropriate means.
8. Belts must be sized to fit and may not dangle. Initial buckles are prohibited.

Consequences for violation may include, but are not limited to, phoning home to arrange delivery of more suitable attire, office referral and subsequent consequences, being sent home (after contacting parent) to change, wearing clothing supplied by the school and confiscation of clothing or accessories until a parent can claim the item(s). Students can expect all staff to hold them strictly accountable to the Shuksan standard dress code.

### **ELECTRONIC DEVICES**

*Non-academic* electronic devices, other than watches, may not be carried or worn during school hours or at school events. Exceptions may be made by the Shuksan Principal/Assistant Principal on a case-by-case basis. Prohibited electronic devices include, but are not limited to, cell phones, MP3 players, CD/tape players, pagers, radios, two-way radios and electronic games.

### **BICYCLES, SCOOTERS, ROLLER BLADES, SKATEBOARDS & OTHER SIMILAR DEVICES**

Because riding bicycles, scooters, roller blades, skateboards and other similar devices on school grounds can be a dangerous practice, there is a "no-riding policy" during normal school hours. Students must walk their bicycles, scooters, roller blades, skateboards and other similar devices, when on campus. In order to insure safety, students are not allowed to use skateboards, roller blades or scooters on campus, unless under the direct supervision of a staff member.

This includes, but is not limited to, older brothers and sisters, former Shuksan students, and out-of-town relatives visiting for the day. **Adult visitors** are welcome, **but must check in with the office.** **Adult visitors** to classrooms are allowed *only with the prior knowledge and arrangements of the administration and staff.* Any adult *not listed on a student's contact sheet* **may not** visit students at school or during lunch without written permission from the student's parent/guardian and the display of proper identification to school staff.

## STUDENT DISCIPLINE SANCTIONS

### Office Referrals

Serious discipline or behavior problems are referred directly to administrators who then meet with the student. Both the Principal and the Assistant Principal have as their first obligation the safety of the students and staff of this school. When assigning consequences or behavior plans, the administrators balance the needs of the student to learn appropriate behavior with the needs of the entire school for a safe and orderly environment.
